

NORTHERN NIGHTS, STARRY SKIES

www.travisnovitsky.com

PHOTOGRAPHY BY TRAVIS NOVITSKY

The background image is a vertical photograph. The top half shows a dark night sky filled with stars. A vibrant green aurora borealis stretches across the middle of the sky. Below the sky, the dark silhouettes of a forest of evergreen trees are visible. The bottom half of the image shows the same scene reflected in a calm body of water, creating a symmetrical effect.
